Mission Statement

Kernel University is dedicated to equipping students with academic, professional and spiritual resources so that they will express and represent Christ – that is to be God-men – who function effectively in their careers, communities and lives.

Statement of Faith

Kernel University subscribes to the following statement of faith:

We believe in the Bible—the only inerrant and infallible Word of God—and the plenary, verbal inspiration and authority of the Scriptures of the Old and New Testaments.

We believe in one God in three persons; the living, personal God, existing eternally in the three persons of the Trinity or Triune: Father, Son, and Holy Spirit.

We believe in God the Father, perfect in holiness, wisdom, power, love and righteousness. He rules mercifully over all things and is worthy of worship forever.

We believe in the Son—the Lord Jesus Christ—and His full deity and full humanity. We believe in the virgin birth, redemptive death, bodily resurrection, personal ascension, and future return.

We believe in the Holy Spirit and his work of regeneration, sanctification and preservation of all believers in Christ. We believe that a spiritual gift is not required as evidence of salvation.

We believe in the creation of the universe and humanity as described in the Scriptures. We believe in the fall of Adam and Eve and the existence of Satan, the chief adversary of God.

We believe in personal salvation by grace through faith only in Jesus Christ. We believe that this salvation is based upon the sovereign grace of God and the redemptive economy of God through the progressive works of Christ's incarnation, death, resurrection, and ascension. Christ became the life-giving spirit who dwells in believers for the work of deification and sanctification.

We believe in the Church, the spiritual body of Christ, and the great commission to go into all nations, preaching the gospel, baptizing, and making disciples. We believe that building the Body of Christ is what Christ is currently working in the world and we must fulfill His need by growing into the full maturity in our life and nature.

We believe in the future return of Jesus Christ, bodily resurrection of the saved and lost, and divine judgments, rewards, and punishments in the millennium and the New Jerusalem.

Philosophy of Education

Education is a journey of learning and of learning to learn, of gaining skills, and of becoming all that God intends a man or woman to be.

- A good education should introduce a student to the thinking in a variety of fields, but it is more than acquiring information.
- A good education equips a person with skills to serve, whether in the workplace or as a volunteer.
- A good education takes into account that a person who does not experience the work of God in his or her life will be incomplete and feel unfulfilled. Too many academic institutions ignore the spiritual part of a person's being. As a Christian institution, we believe that God designed each individual with unique gifts and a unique calling. Since God has a plan for good things in the life of each individual, part of our calling is to assist individuals in understanding their gifts and calling.

Therefore, the subjects taught, and the instructional methods used at Kernel University address all three of these areas: knowing, doing and being.

Statement of Ethical & Moral Values

Ephesians 4:12-16

For the perfecting of the saints unto the work of the ministry, unto the building up of the Body of Christ, Until we all arrive at the oneness of the faith and of the full knowledge of the Son of God, at a full-grown man, at the measure of the stature of the fullness of Christ, That we may be no longer little children tossed by waves and carried about by every wind of teaching in the sleight of men, in craftiness with a view to a system of error, But holding to truth in love, we may grow up into Him in all things, who is the Head, Christ, Out from whom all the Body, being joined together and being knit together through every joint of the rich supply and through the operation in the measure of each one part, causes the growth of the Body unto the building up of itself in love.

Members of the Kernel University community are committed to the highest ethical standards in furtherance of our mission of teaching, research and public service.
